# Closure of schools in Tehsil Naal and Hurnaach District Khuzdar of Balochistan

## Report of Social Welfare Department of Baloch National Movement Year 2023

### Release Date:

March 2023

### Khuzdar District:

Khuzdar is a district of Occupied Balochistan with a population of around 600,000. The tehsils of the Khuzdar district include Hurnaach, Naal, Wadh, Karakh, Shaahri, Khuzdar, Baghbana and Aranji.

Like other districts of Balochistan, Khuzdar is also severely affected by Pakistan's neo-colonial policies. Atrocities, forced disappearances, torture, mutilated bodies and fake encounters by Pakistani forces have also made life miserable for the people of Khuzdar.

If we look at the educational situation of Khuzdar, it reflects the germ situation like tehsils of the Awaran district. Due to the closure of schools, students are facing severe difficulties. A tragic situation has emerged in Balochistan, like the forced disappearance of students has created an atmosphere of fear and children are deprived of education in Balochistan.

This report aims to present an accurate picture of the educational situation of Balochistan to the world. In Balochistan, the Pakistani colonial system either closed the schools and built military campuses to make the Baloch people unconscious or tried to keep the children away from education by not providing facilities to these schools.

## **List of closed schools of Tehsil**
